Tuition Payments & Conditions

All families are required to create a Blackbaud Tuition Management Account, which is our billing agent for tuition. The cost to educate one St. Luke Student is over \$7,500.00 and is NOT fully covered by the tuition charged. All students are subsidized. Please support our fundraising efforts to your ability.

In order for students to be guaranteed enrollment at St. Luke School, all outstanding tuition payments for the previous school year need to be paid in full by the start of the new school year. Students will not be admitted if previous balances have not been paid.
